COMMUNITY NEWS

- ▶ **Please make sure your apartment is ready for inspection on Wednesday, May 15th and Thursday, May 16th.**
- ▶ If you have any work orders please make sure that you turn them in before the inspections. You should not wait until we are doing the inspections to tell us about maintenance issues.
- ▶ As the weather turns warmer, we have noticed more outdoor activity. We ask that everyone be aware that the parking lot, walkways and hallways are not play areas. We do not want anyone to get hurt. Please feel free to enjoy the play area on the property.
- ▶ If you have a pet, please pick up after them and dispose of waste properly, preferably in the dumpster. We have had some issues with pet waste being thrown in the laundry room trash.
- ▶ Please remember to clean the dryer traps out after using the dryers. We have been having issues with them being completely full of lint, which is a fire hazard.
- ▶ We would like to wish all the Mothers a very Happy Mother's Day. We will be putting Mother's Day goodies on the appropriate doors the week of May 6th - 10th.
