

## SPRING INTO FRESH LIVING: SIMPLE WAYS TO REFRESH YOUR APARTMENT

As the days get longer and the sun shines a little brighter, there's no better time to refresh your apartment and embrace the new season. Whether you're a busy parent, a young professional, or enjoying your golden years, spring brings the perfect opportunity to breathe new life into your home - without needing a hammer, paintbrush, or major renovation.

Here are some simple, lease-friendly ideas to make your apartment feel renewed and refreshed this April:

### **De-clutter One Space at a Time**

Spring cleaning doesn't have to mean a full-day overhaul. Pick one drawer, closet, or shelf a day and slowly clear out what you no longer use. You'll be surprised how much lighter your space—and your mood—feels with just a little less clutter.

### **Add Pops of Color**

While painting walls isn't allowed, you can still brighten your space with colorful throw pillows, lightweight curtains, or fresh bedding. Even a patterned rug or

a cheerful tablecloth can make your home feel completely new for the season.

### **Bring the Outdoors In**

Fresh flowers or low-maintenance houseplants can do wonders for a space. Try placing a vase of tulips on your table or a small succulent near the window. Not only do they add beauty, but studies show plants can improve your mood and air quality.

### **Let the Sunshine In**

Take a moment to clean your windows and pull back those curtains. Letting in natural light can instantly lift the atmosphere of your apartment and help shake off the last of the winter blues.

### **Switch Up the Scents**

Pack away heavy winter scents and opt for lighter, spring-inspired scents. Think fresh linen, citrus, or floral fragrances in room sprays or wax warmers—easy and renter-friendly!

### **Embrace the Season Together**

Check for upcoming spring events and friendly neighbor meetups. From egg hunts and gardening tips to spring walks, it's a great time to reconnect with your neighbors and enjoy where you live.

Spring is a season of renewal—and even the smallest changes can have a big impact on your space and spirit. So open the windows, let in the fresh air, and welcome the new season with joy!
