

AUGUST RESET: SMALL CHANGES, BIG DIFFERENCE

As summer winds down and the first signs of fall begin to emerge, August offers the perfect opportunity for a "reset."

Whether you're prepping kids for back-to-school, shifting out of summer vacation mode, or simply looking to refresh your daily routine, a few small changes can make a big difference in how you finish out the year.

1. Reclaim Your Routine

Summer often brings a break from structure—but as we inch closer to September, now's a great time to ease back into a consistent schedule. Try waking up 15 minutes earlier each day to slowly adjust your morning routine. Even small changes like setting out clothes the night before or creating a weekly meal plan can help reduce daily stress and make your days feel more intentional.

2. Set a Mini Goal

You don't have to wait until New Year's to make resolutions. August is an ideal time to set one small, achievable goal. Whether it's drinking more water, walking daily, starting a journal, or finishing a book you've put off for months—focusing on one area can spark momentum and help you enter the fall with a sense of accomplishment.

3. Get Organized at Home

A little decluttering can go a long way. Pick one drawer, one closet, or one shelf to tidy up each week. The goal isn't to overhaul your

entire apartment, but to create more breathing room in your space and your mind. Consider donating gently used items to local charities or simply letting go of what no longer serves you.

4. Plan Ahead for Fall

Use this month to get ahead—schedule medical appointments, review budgets, or prepare for upcoming seasonal expenses. If you have children, start transitioning them back into a school-friendly routine now. And don't forget to pencil in some "you" time, too—whether

that's a quiet morning with coffee or a weekend exploring a new hobby.

5. Reflect and Refresh

Take a moment to check in with yourself. What went well this summer? What would you like to change going forward? A few minutes of reflection can bring clarity, peace of mind, and even a bit of motivation.

August may be the end of summer, but it can also be a fresh start. A simple reset now can help you feel more balanced, productive, and ready for whatever fall has in store.
